

- We plan to be on site and beginning setup by 5am
- We will use cones to block off all entrances to mall parking that are marked in red
- Entrances marked in green will have cones staged nearby but will remain open until 7am sharp
- Open (green) entrances will be blocked off at 7am sharp in preparation for event to begin
- 5k run starts at 7:15am
- 1 mile run starts immediately after in three separate groups at 5 minute intervals
- Our goal is to have all runners finishing up by 8:00am and the entire event concluded by 8:30am
- Once last 5k runner passes water station near Dillard's, phased opening of exits on Frontage and Pablo Kisel can begin in an effort to allow participants to exit after the event
- Participants parked south of the mall or on the Tru-fit and Dick's Sporting Goods side are advised to carefully exit the parking lot by driving along the side of the building to exit through the Frontage or Pablo Kisel exits and avoid any areas where runners are still actively participating.
- All other exits will need to remain closed for safety until last 5k runner finishes
